

RELIANCE TIMEFLOW BASIN TAP

PUSH400000 Wall mounted timeflow bib tap

OVERVIEW

her Reliance Timeflow Basin Tap is a manual, push button operated taps with a timed flow rate. By using a timeflow tap you can saves on water usage in comparison to conventional taps by automatically shutting off the flow of water after 15 seconds.

The Reliance Timeflow Basin Tap is one tap which is provided with a red and a blue indices so it can be used for either hot or cold water depending on your needs. By using only one tap you can simplify stock holdings and spares.

Through its self-closing design, the tap is 'anti-vandal', and is also supplied with an easily serviced one-piece cartridge.
